

State of Alaska FY2011 Governor's Operating Budget

Department of Administration State of Alaska Telecommunications System Component Budget Summary

Component: State of Alaska Telecommunications System

Contribution to Department's Mission

Assure that State of Alaska telecommunication services are reliable and available for all state agencies.

Core Services

- Telecommunications Services

Results at a Glance

(Additional performance information is available on the web at <http://omb.alaska.gov/results>.)

END RESULT A: Telecommunication and 2-way radio services are operational and reliable.

- In FY2009, systems were usable and available over 99.9% of the time, with no unscheduled outages. This meets the target.

Status of Strategies to Achieve End Result

- In FY2009 5% of scheduled State of Alaska Telecommunications System deferred maintenance was completed.

Key Component Challenges

Maintenance has been deferred for lack of funding for several years. There are 20+ sites that were upgraded in FY09. An additional 20+ sites to be covered in FY10. ETS anticipates upgrading the remaining 188+ sites as scheduled over the subsequent five (5) years. Significant investment in deferred maintenance of the State of Alaska Telecommunications System (SATS) microwave sites will assure that this system is in good repair and fully operational. This critical work is essential to assure statewide WAN integrity.

Significant Changes in Results to be Delivered in FY2011

Major upgrades to SATS systems that have been deferred in recent years.

Major Component Accomplishments in 2009

- 1) Initiated the Kenai digital microwave system upgrade.
- 2) Completed the 800 MHz rebanding project.
- 3) Brought the new Skagway and Honolulu sites into service.
- 4) Completed the replacement of the Ninilchick tower.
- 5) Glenn Highway microwave site upgrades completed.
- 6) Valdez tower foundation completed for new tower construction in FY10.
- 7) Saddle Mt. site upgrades initiated, including new tower and communications shelter.
- 8) Alaska Department of Corrections Federal Narrow Band Mandate completed.
- 9) Alaska Department of Natural Resources KIDC and McGrath communication upgrades initiated.
